EAN/UJC	7640186416542

Description

The webcam offers razor-sharp images thanks to its 4K resolution. The automatic white balance and autofocus feature ensure that the webcam creates high-quality video recordings even in poor lighting. The integrated dual digital microphone ensures that conversations always flow naturally and are easy to understand.

Use the adjustable clip to attach the camera wherever it fits best - on a screen, notebook or table top - or remove the clip and screw the webcam onto your own tripod. There is no need to install additional software or drivers, as the camera is plug & play. The camera's integrated USB cable (1.5m) simply has to be plugged into the notebook or computer and the webcam is ready to use in seconds. Camera cover to protect privacy. The webcam has broad software compatibility and is compatible with all commonly used video chat programs. Compatible with Mac, Windows and other USB-C supported devices.
