Manufacturer	Deepcool
Manufacturer item no.	R-CG560-BKAAE4-G-1
EAN/UPC	6933412714774

Description

The DeepCool CG560 Mid-Tower Case combines abundant airflow and generous cooling capacity in an updated modern design that makes system building a breeze with four pre-installed fans.

ACCELERATED AIRFLOW
Keep your components cool with increased air intake through an optimized front panel for maximum ventilation.

READY.
SET.
GO.
Start your build right with three pre-installed 120mm ARGB fans in front and one 140mm fan in the rear for enhanced cooling performance.

EXPANSIVE COOLING CAPACITY
Get big cooling potential with support up to 6x 120mm or 5x 140mm case fans, and multiple radiator configurations for 360mm installed in front and 280mm up top.

COMPLETE STORAGE
Install up to 2x 2.5" SSDs directly on the backplate and 2x 3.5" HDDs underneath the shroud for ample storage discreetly tucked away.

EASY ACCESS SIDE PANELS
Quickly get to your internal components with simple slide and latch side panels and a solid tempered glass window to highlight your system.

CLEAN AND TIDY
Easy-to-clean magnetic dust filters.

INDEPENDENT PCIE SLOT BAFFLES
Remove and reuse for simpler setup.

FRONT I/O PANEL
Along with two USB 3.0 ports and a combination audio/mic jack, the reset button is custom configured to control preset lighting effects on the three pre-installed ARGB fans.
