

Logitech® Wireless Gamepad F710

No cords to get in your way

Unleash your competitive side with the Wireless Gamepad F710. Its powerful and reliable 2.4 GHz wireless connection and dual vibration motors immerse you in the realistic action your new and old games demand. And, its customizable, console-style controls, comfortable rubber grips and familiar shape will help you dominate your opponents with ease.

FEATURES AT A GLANCE

Cable and lag-free connectivity

The plug-and-forget nano-receiver gives you the freedom to play anywhere in the room with virtually no delays, dropouts or interference.

Broad game support

Enjoy your newest titles and your old stand-bys: toggle between X-input and DirectInput modes with the flip of a switch.

Customizable buttons

Profile software* lets your program your gamepad to perform advanced commands, including mouse & keyboard functions.

Quick. Get in the game.

Familiar shape and console-style button layout give you an advantage to play—and win—from the minute you pick it up.

Dual vibration motors

Immerse yourself in the action and feel every hit, crash and explosion.

Control Every Move

Unique floating D-pad provides greater control and enables faster response..
