- **Connector:** USB 2.0 smart card reader
- **Compatibility:** Windows XP/Vista/7/8/10/11 and macOS
- **Installation:** Simple Plug and Play, no driver required

## Description

---

The SCR01B Smart ID Card Reader is designed for secure online identification tasks such as e-government services, online tax reporting and online banking. It provides a reliable way to use your IC/ID smart card for strong authentication at home or in the office.

Compatible with eID and DNle cards, the reader supports ISO7816 Class A, B and C (5V/3V/1.8V) smart cards, making it suitable for a wide range of national ID and smart card applications. Its USB 2.0 interface allows easy connection to desktop and notebook computers without additional adapters.

With simple Plug and Play installation and broad operating system support for Windows XP/Vista/7/8/10/11 and macOS, the SCR01B integrates smoothly into existing environments and helps users securely access online portals, financial services and digital identity platforms.
