30 Units/Carton

**BLACK & WHITE**  
THERMAL PRINTING

EASYPix®  
**Instant FUN**  
DIGITAL INSTANT CAMERA

The thermal printing method requires **no ink**. Instead, it works with BPA-free thermal paper, which has a heat-sensitive coating.

By applying targeted heat, the camera creates high-contrast images with a distinctive dot-matrix pattern, giving the photos a unique retro aesthetic.

\*By interpolation.

Technical changes and mistakes reserved.  
Product image may differ slightly.

CAUTION: Not suitable for children under 36 months. Choking hazard.
