

Wanbo T6 Max

WANBO T6 MAX

The micro port variable Wanbo T6 Max LED LCD Beamer has a contrast of 3000:1 full on/of and an HDTV 1920 x 1080 Resolution. The lifespan is 20000 hours due to the LEDs, which is enjoyed with four hours daily over 13.7 years. The built-in ambient light sensor (Ambient Light Sensor) detects the ambient light in the room and automatically optimizes the image. Files can be played directly with the integrated media player.

Brief presentation
Beta 2.5

Due to the brightness of 650 Ansi sources, an image width of 259 cm is possible. In room light, the picture should be max. 173 cm wide. The projector has a screen mirroring support that allows direct return via Wi-Fi videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS. It is also compatible with Full HD 1080P and 4K (compressed). The only 29 decibels operating noise make the projection quiet.

Projection system
1 x LCD TFT panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen	650	Projector	289 Lux (at 200 cm canvas)
