Description

To continue achieving the corporate mission of delivering the perfect user experience, Thermaltake developed "TT Premium" with the essence of combining supreme quality products with a logo design. TT Premium is far more than just a guarantee of quality. Behind the name, it represents the passion in DIY, Modding and Thermaltake's desire to be the most innovative brand in the PC hardware market. To satisfy the demand of the high-end PC users, TT Premium follows its core values of excellent quality, unique design, diverse combinations and boundless creativity to provide a high performance PC product for every enthusiast.

Tt LCS certified is a Thermaltake exclusive certification applied to only products that pass the design and hardcore enthusiasts' standards that a true LCS chassis should be held to. The Tt LCS certification was created so that at Thermaltake can designate to all power users which chassis have been tested to be best compatible with extreme liquid cooling configurations to ensure you get the best performance from the best features and fitment.
