Special features	Blue light filter Flicker Free Technology
Weight without stand	2.82 kg
Weight with stand	3.49 kg
Includes	Power supply HDMI cable DisplayPort cable VGA cable Stand
Product type	Desktop monitor

Product details

The UM.WV7EE.009 desktop monitor from Acer will fit perfectly in your workplace, giving you a comfortable and modern working atmosphere. It's measured at 54.6 cm (21.5") diagonally with an aspect ratio of 16:9 and its elegant black design complements a variety of office interiors. The display makes use of IPS panel technology, which means you get a professional-grade screen, one that offers outstanding colour accuracy and consistency. Photographers and designers would be very happy to have this monitor as part of their arsenal, however, it is

suited for any line of work where colour authenticity is crucial. The 1920 x 1080 resolution makes it suitable for your everyday needs. The high 100,000,000:1 contrast ratio and the brightness value of 250 cd/m² mean you'll be able to comfortably work in rooms with a lot of direct sunlight. With the white LED backlighting your eyes won't easily become tired and you can work for longer periods of time. Energy efficiency has become an important topic — this model is rated in the energy efficiency class A. It's not only easy on the environment, but also on your wallet. Experience great quality and good, comprehensive service — from order to delivery. Order now!
