HP 975 Dual-Mode Wireless Keyboard

Premium Performance Meets Personalization

Now you can make your keyboard truly yours while enjoying an elevated typing experience. That's because you can connect up to 3 devices either via Bluetooth® or USB-A. We've also included many must-have features like comfortable, quiet, soft return keys, 20+ of which can be programmed with shortcuts, controllable smart backlight, and a long life, rechargeable battery.

Connectivity and Versatility
Multiple connectivity options mean more flexibility. Connect up to 3 devices —two via Bluetooth® and one via 2.4 GHz USB-A dongle, and switch between devices using one button. Plus you can easily pair peripherals to a Windows 10 PC in two steps using Microsoft Swift Pair.

Smart Features. Better Typing Experience
This keyboard quietly delivers comfortable typing consistency through higher key height, dished finger-shaped keys and soft return technology. Plus customizable smart sensors help adjust backlit keys based on your room lighting condition and turns on the backlight when you approach or off when not in use to save energy.

Long-Lasting Rechargeable Battery
Frequently battery changes are more than frustrating. They can also drain your productivity and who needs that? Problem solved with a battery that's rechargeable via a simple USB-C connection and lasts up to six months with LEDs turn off[1].

Customize for Control
Customize your keyboard with HPAC[2] and reduce needless keystrokes by programming the 20+ keys with shortcuts for your most used apps. Plus you can customize the backlighting feature by turning it on or off, adjusting light intensity, as well as the sleep mode timer.

Responsibly Made
Now you can purchase a keyboard that not only helps you be productive, but also helps the environment. We worked hard to design a keyboard that's plastics consist of 20% post-consumer recycled materials[3] so you can feel good about your purchase.

Responsibly Packaged
Because little things make a big difference, this product is shipped in 100% recyclable packaging that is made with paper-based material to help reduce plastic waste.[4]

Data and PC Protection
Feel safe and secure that your data is protected with AES-128 encryption. Plus you can lock your PC by pushing just one button.

1. Actual battery life will vary with use and environmental conditions. The maximum capacity of battery will naturally decrease with time and usage.
2. Enabled by HP Accessory Center (HPAC) Software. HP Accessory Center (HPAC) software available for free download in Microsoft Store or Apple Store.
3. Recycled plastic content percentage is based on the definition set in the IEEE 1680.1-2018 EPEAT standard.
