Manufacturer item no.	DA-90369
EAN/UPC	4016032456056

## Description

Elegant monitor riser made from solid aluminium - improves your viewing position and leaves more space on your desk. The ultra-slim monitor riser is the best choice for style, modern design and functionality

- Elegant, slim design made from aluminium - ultra-slim
- Increases the height of the viewing position for a comfortable, ergonomic reading position
- Stowing areas for keyboard and mouse underneath the monitor holder to save space
- Stable design for monitors weighting up to 10 kg
- Anti-slide pads keep the monitor holder in the same position

The ultra-slim monitor riser is a functional product which leaves nothing to be desired in terms of design and elegance. Reap the benefits of a higher monitor or laptop position and gain a more comfortable reading position. The monitor riser is recommended for monitors from 11" to 32" and can support weights of up to 10 kg. Additionally, the anti-slide pads under the riser make sure your monitor stands securely. The mouse and keyboard can be stowed under the holder to leave more room on your desk.
