Ergonomic
comfort for
low-profile
mice and
trackballs.

Professionals using low-profile mice and trackballs without proper ergonomic support may experience wrist strain and discomfort. This can negatively impact their productivity and overall comfort.

The Slim Duo Gel Mouse/Trackball Wrist Rest offers a suite of innovative features that work in harmony to help professionals work more comfortably and productively throughout the day. Hands and wrists are supported by a gel-infused pillow, while an innovative ventilation channel keeps them cool and dry while you scroll and track.

All-day comfort is complemented by a dual tone color scheme, delivering a burst of color and personality to your workspace, and the easy-to-clean finish ensures lasting durability and a pristine appearance.

- Pairs with low-profile mice and trackballs
- Gel-infused pillow supports all-day comfort
- Ventilation channel keeps wrists and hands cool and dry
- Duo tone style complements modern workspaces
- Easy-to-clean finish supports hassle-free upkeep
- Wipe down protection guarantees lasting performance

Low-Profile Design

Provides better alignment and support for your wrist and hand when paired with slim mice or trackballs.

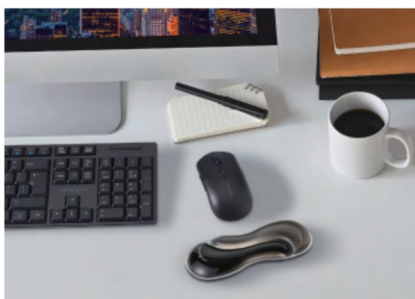

Gel-Infused Pillow

Comfortably supporting the natural curvature of your wrist and hand, the gel-infused pillow provides ideal ergonomic positioning for reducing wrist strain and discomfort.

Ventilation Channel

Engineered to keep wrists and hands cool and dry even after extended periods of scrolling and clicking, the innovative ventilation channel supports comfort and uninterrupted productivity.

Duo Tone Style

Elevate your workspace with a dual-tone color combination, adding a burst of color to your setup.

Easy-Clean surface

A smooth, easy-to-clean finish ensures effortless maintenance, providing a clean surface for your mouse or trackpad comfort even after extensive use.

Wipe Down Protection

Meets MIL-STD-810H Method 504.3 Contamination by Fluids with disinfectants with no degradation* – guaranteeing lasting performance and peace of mind by demonstrating resistance to breakdown when exposed to cleaning and disinfecting solvents.

* No visual degradation or inability to use as directed upon test completion
