

HP P34hc G4 WQHD USB-C Curved Monitor

Lose Yourself in the Curve

When it comes to the P34hc WQHD Curved Monitor, bigger really is better. Because its immersive, ultrawide screen keeps you focused, you're likely to be less distracted and up to 33% more productive¹ compared to a smaller screen.

*Product image may differ from actual product

Ultrawide Screen. Ultra Immersive.

- Immerse yourself in this 34-inch diagonal curved display with sharp WQHD resolution and an integrated speaker. And with all that space available, you'll see more in one screen, making this monitor ideal for multitaskers and those that want to increase productivity.

Clear the Clutter

- Now you can focus more on your work instead of the nest of cables on your desk. Because one USB-C™ cable not only transfers data and video, it also charges your PC, you can say goodbye to cord clutter.

Work Comfortably

- No matter how many great features a monitor may have, if you can't position it comfortably, your productivity may suffer. That's why ergonomics are so important. Rest assured, with adjustable height, tilt and slide settings, you'll be able to find the screen position that's most comfortable for you.

Responsibly Made

- Feel good about what's on your desk while benefiting from efficient energy performance. This responsibly made curved monitor is ENERGY STAR® certified, TCO certified and EPEAT® registered.

Featuring

Ports For Everything

Plenty of ports to connect multiple devices.

Peace of Mind Included

3-year limited warranty included.
