

Maximize the effectiveness of your flat panel monitors

Product Sheet

Above: Monitor bracket section is attached to back of flat panel monitor; the other half is attached to the wall. FX-30 Wall Mount, 60-239-007, with 100 mm Mounting Interface is shown above, 75 mm shown at right.

Ergotron® ARMS™

FX Series

The FX Series (Fixed) products, allow a flat panel monitor to be mounted to a vertical surface much like hanging a picture on a wall. Once installed, these modules provide a rock-solid platform, even for monitors with touchscreen capability. To remove a monitor from the wall, the user simply moves the release-lever to the side and lifts off the monitor. Reinstallation is just as easy!

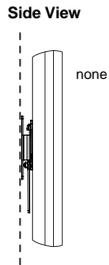

Features

- System places monitor less than 1" from wall
- Quick-release lever allows monitor to be removed or fastened to wall instantly
- Solid and stable platform for touch-screen monitor compatibility
- Weight capacity of up to 30 lbs (13.6 kgs)
- Video Electronics Standards Association (VESA®) FPMPMI™ compliant for 75 mm or 100 mm Mounting Interface Standard
- Steel construction with a durable black zinc finish for long lasting durability
- FX Series products can be attached to any sturdy vertical surface such as machines, walls, cabinets, etc.
- Keyboard and Mouse Holder accessory options available
- Risk-free evaluation program
- LIFETIME warranty

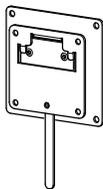

Place your flat panel monitor exactly where you need it!

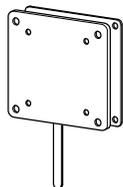

Range of Motion:

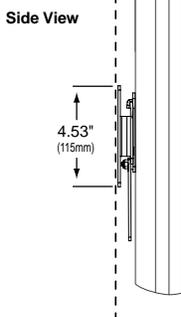

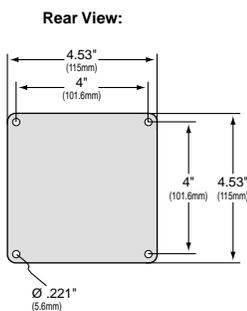

FX-30 Wall Mount, 60-239-007, with 75 mm Monitor Interface Bracket

FX-30 Wall Mount, 60-239-007, with 100 mm Monitor Interface Bracket
