FLASH DRIVE

Main features

Classic design

Color intensity of the cover

Plug with raised anti-slip pattern

Available capacities: 8, 16, 32, 64, 128 GB

Lifetime Warranty

UME2 is a modern approach to the classic design, emphasised by the intensity of cover colors. The plug with a convex anti-slip design makes it easy to open the USB in any situation. After removing the plug, you can put it on the other end of the cover - this ensures that you will not get it lost. There is a perforation to attach the pendant – it is an ideal solution for those who like to have a USB stick always with them. UME2 memory is available in the capacities from 8 GB to 128 GB. The used components enable to read speeds of up to 20 MB / s and write from 5 MB / s. Like all other GOODRAM USB sticks, UME2 is covered by a lifetime manufacturer's warranty.
