1. Data comes from the HONOR Lab. The thickness of the tablet does not include the bulging section of the camera. The actual size and weight may vary depending on configurations, manufacturing processes, and measuring methods.

2. Data comes from the HONOR Lab. Total weight includes battery. Actual weight may vary due to product configurations, manufacturing processes, and measuring methods.

3. Color availability may vary by region.

4. Data comes from the HONOR Lab. With a rounded corners design on the display, the diagonal length of the screen is 11 inches when measured according to the standard rectangle. The actual viewable area is slightly smaller.

5. Data comes from the HONOR Lab. The screen-to-body ratio data is measured based on the size of the screen's visible area to the screen size. Please refer to the actual product.

6. The screen has obtained TÜV Rheinland low blue light and flicker-free certifications. This product is not medical equipment and is not available for treatment. The model with 1920\*1200 screen resolution is also available.

7. The screen supports a maximum refresh rate of 90Hz. The actual refresh rate may vary slightly under different app interfaces. Please refer to the actual experience.

8. The resolution is measured as a standard rectangle; thus, the effective pixels are slightly less.

9. Data comes from the HONOR Lab. The color gamut parameter and peak brightness is the typical value.

10. Snapdragon is a trademark of Qualcomm Incorporated, registered in the United States and other countries.

11. The device is available in 64GB and 128GB storage capacities. Please note that storage options may vary by region.

12. Data comes from the HONOR Lab. Available internal storage may be smaller as part of it is occupied by the operating system and apps.

13. Data comes from the HONOR Lab. Battery capacity is the typical value. Please refer to the actual experience.

14. The actual charging power may vary with different scenarios intelligently. Please refer to actual situations.
