

ICY BOX IB-256WP

USB 3.0 enclosure for 2.5" HDD or SSD with write-protection-switch

Key features

- USB 3.0 host interface 5 Gbit/s
- Aluminum enclosure with silicone protection sleeve
- Support SATA III 6 Gbit/s and USB 3.0 UASP
- LED Display for power and HDD access
- HDD up to 15 mm height, capacity not limited
- Supports: PC & Mac
- USB 3.0 micro-B on the enclosure and USB 3.0 Type-A to the PC
- Switch for write protection - against data loss / virus infection

Packing content

1x IB-256WP, 1x USB 3.0 data cable, 1x bag with screws, 1x Manual, Silicone sleeve

Protected anywhere

The write protection switch on the rear of the drive is a new feature, preventing the accidental deletion of data. It works in a similar way to the write protection switch on a SD card. When data protection is activated, data can only be read and copied but not written, deleted or modified. Only when data protection is turned off files can be modified or copied to the disk normally. This feature has become increasingly important to most users due to the increasing proliferation of computer viruses over the network. With the IB-256WP, you no longer have to worry about keeping your data safe.

Technical data

Model	IB-256WP
Article no.	60231
EAN code	4250078165705
Brand	ICY BOX
Colour	Black
Material	Aluminium
HDD interface	1x 2.5" SATA I/II/III 6 Gbit/s
HDD height	7 - 15 mm
HDD capacity	No limit

Hot Swap	Yes
Plug & Play	Yes
External data interface	1x USB 3.0
Operating system	OS independent
Transfer rate	USB 3.0 up to 5 Gbit/s
LED	Power: continuous blue lighting, Access: Blue light flashing
Power supply	USB powered

ICY BOX **IB-256WP**

USB 3.0 enclosure for 2.5" HDD or SSD with write-protection-switch

A silent partner

Thanks to the fanless design and the aluminium enclosure, a silent cooling is possible. Thus, making the IB-256WP a silent companion through the daily work. The silicone sleeve protects the enclosure from accidentally slipping off the table or, in a worst case scenario, from damage.

Well protected

The second line of defense is the write-protection. It can be enabled via switch so the data is protected from accidental editing or even virus infection.

Well connected

The enclosure is equipped with a USB 3.0 interface so it works with most common PCs and Laptops. It can transfer data with transfer rates of up to 5 Gbit/s to the host device and supplies power to the enclosure.

Logistical data

Packing unit: 20 pcs./carton
Total weight: 5.5 kg/carton
Gross weight: (with packing): 0.243 kg
Net weight: 0.152 kg

Dimension/carton: 500x220x220 mm
Dimension (with packing): 206x130x38 mm
Dimension of article: 115x80x23 mm
Country of origin: China
