

ADATA HD830, 4000 GB, 2.5", 3.2 Gen 1 (3.1 Gen 1), Blue

4 TB - USB 3.1 - IP68 - 140 x 96.2 x 33 mm - 600 g - Blue

Group	HDDs
Manufacturer	ADATA
Manufacturer item no.	AHD830-4TU31-CBL
EAN/UPC	4713218461698

Description

Whereas other external drives might be durable, the ADATA HD830 is virtually indestructible. It features a robust triple-layer construction and sturdy aluminum exterior that can withstand 3000kg of downward pressure. What's more, it's waterproof and dustproof.

A Knight in Shining Armor

The HD830 is crafted with a boldly grooved surface with a sandblasted finish and two sturdy side columns that give it the look of a true warrior.

Nearly Unbreakable

The tough aluminum exterior isn't just capable of surviving nasty drops and blunt force, but can also handle 3000kg of downward pressure. That's roughly equivalent to the combined weight of fifty average-sized people.

Water and Dust are No Match for This Warrior

Sometimes the unexpected will happen and when it does, the HD830 is ready! The HD830 exceeds the IP68 rating and is dustproof and waterproof. If you accidentally drop it in water, no worries. It can handle submergence in 2 meters of water for 120 minutes.

Military-Grade Toughness

If it's tough enough for the military, you know it's made to last. The HD830 meets the U.S. Military's MIL-STD-810G 516.6 standard and can survive falls from up to 1.22 meters.

Robust Three-Layer Construction

A three-layered structure provides complete protection. It includes a tough silicone casing, shock-absorbing buffer, and cushioned mounting that keeps the drive in place.

Shock Sensors

Dropping or shaking a HDD may result in bad sectors and errors. The HD830 features shock sensors that will alert you when an impact or vibration is detected with a blinking red light.

A Whopping 5TB of Storage Space

In an era of 4K Ultra HD videos and other high-resolution media, you can never have too much storage capacity. The HD830 has you covered with up to 5TB of storage space.

Easy-to-Use Port Cover

To make the HD830 fully water- and dust-tight, just plug up the port with the easy-to-use cover.

Main features

General

HDD capacity	4000 GB
HDD size	2.5 "
USB version	3.2 Gen 1 (3.1 Gen 1)
Product colour	Blue

Extended details

Ports & interfaces

USB connector	Micro-USB B
USB version	3.2 Gen 1 (3.1 Gen 1)
Thunderbolt technology	N
Wi-Fi	N
Ethernet LAN	N

Hard drive

HDD size	2.5 "
HDD capacity	4000 GB

Features

Product colour	Blue
Housing material	Aluminum, Silicone
Protection features	Dust resistant,Shock resistant
Plug and Play	Y
LED indicators	Power,Status
Windows operating systems supported	Y
Mac operating systems supported	Y
Linux operating systems supported	Y
Operational conditions	
Operating temperature (T-T)	5 - 50 °C
Weight & dimensions	
Width	96.2 mm
Depth	140 mm
Height	33 mm
Weight	600 g
Packaging data	
Cables included	USB
