

1 Safety Instructions

- Read the user manual completely and carefully before use.
It is part of the product and contains important information for correct use.
- Keep this user manual.
It must be available for uncertainties and passing the product.

- Do not open the housing.
- Do not modify product and accessories.
- Do not short-circuit connections and circuits.
- Use product, product parts and accessories only in perfect condition.

A defective device may not be put into operation, but must be disconnected from mains and protected against further use.

- In case of questions, defects, mechanical damage, trouble and other problems, non-recoverable by the documentation, contact your dealer or producer.

Risk of injury by stumbling and falling.

- Install the system and devices attached to it in a way that persons cannot be injured, or objects not be damaged for example by dropping or stumbling.
- Mind placing cables in a way, nobody will be disabled and the cable not be damaged.

Not meant for children. The product is not a toy!

- Secure packaging, small parts and insulation against accidental use.

- Avoid stresses such as heat and cold, moisture and direct sunlight, microwaves, vibrations and mechanical pressure.

Heat storage:

- Do not cover the product.
- Keep enough space around all devices for a good ventilation and free motion and to avoid damages.

2 Description and Function

2.1 USB-C™ Premium Multiport Adapter

This device extends a USB-C™ device with one Ethernet, one HDMI™, two USB 3.0, one USB-C™ port (for charging), one VGA port, one 3.5 mm audio port, a SD card slot and a microSD card slot.

2.2 Scope of delivery

USB-C™ Premium Multiport Adapter, User manual

2.3 Operating elements

- | | |
|--------------------------|------------------------------|
| 1 USB-C™ plug | 2 VGA socket HD (15-pin) |
| 3 RJ45 socket (8P8C) | 4 3.5 mm audio port |
| 5 HDMI™ standard jack | 6 2x USB 3.0 socket (Type A) |
| 7 SD card slot | 8 microSD card slot |
| 9 USB-C™ charging socket | |

2.4 Specifications

Article number	49850
Input	USB-C™ plug
Output	HDMI™ standard socket 2x USB 3.0 socket (Type A) SD card slot microSD card slot USB-C™ charging socket RJ45 connector (8P8C) VGA socket HD (15-pin) 3.5 mm audio port
Max. output power HDMI™ VGA	4k @ 30 Hz / Full HD 1080p @ 60Hz HD 1080p @ 60Hz
Max. transmission rate	5 Gbit/s (SD-Slot: 480 Mbit/s)
Transmission speed RJ45	10/100/1000 Mbit/s
Charging the USB-C™ device	USB-C™: 20.0 V $\overline{=}$, 3.0 A max.
Operating temperature	0 - +45 °C
Storage temperature	-10 - +70 °C
Weight (g)	102
Dimensions (mm)	117 x 60.8 x 16
Cable length (cm)	16

3 Intended Use

We do not permit using the device in other ways like described in chapter „Description and Function“ or in the „Safety Instructions“. Use the product only in dry interior rooms. Not attending to these regulations and safety instructions might cause fatal accidents, injuries, and damages to persons and property.

4 Preparing

- Compare the specifications of all used devices to ensure compatibility.
- Check the scope of delivery for completeness and integrity.

5 Connecting

- Connect your devices to the ports of the USB-C™ Premium Multiport Adapter using appropriate adapter or connection cables.
Data transfer is possible in both directions for all ports except HDMI™. Charging of connected devices is only possible at the housing sockets. The HDMI™ jack is designed for HDMI™ receiving devices.

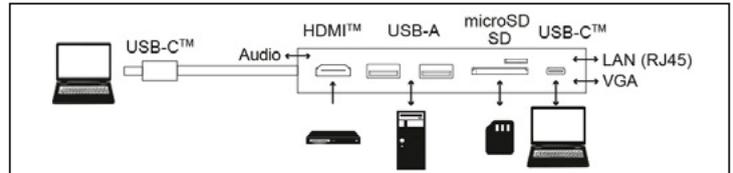

Fig. Connecting

There are no operating elements to be operated before, during and after operation.

No software installation is required before or during operation.

Disconnecting and reconnecting the devices can be used to rectify faults. Do not disconnect the power supply during data transmission to avoid possible data loss.

6 Maintenance, Care, Storage and Transportation

The product is maintenance-free.

NOTICE!

Material damage

- Clean only with a dry, soft cloth.
- Do not use cleaning agents and chemicals.
- Store cool and dry.
- Store the product out the reach of children and in a dry and dust-protected ambience when not in use.
- Keep and use the original packaging for transport.

7 Disposal Notes

7.1

Product

According to the European WEEE directive, electrical and electronic equipment must not be disposed with consumers waste. Its components must be recycled or disposed apart from each other. Otherwise contaminative and hazardous substances can pollute our environment.

As a consumer, you are committed by law to dispose electrical and electronic devices to the producer, the dealer, or public collecting points at the end of the devices lifetime for free. Particulars are regulated in national right. The symbol on the product, in the user's manual, or at the packaging alludes to these terms. With this kind of waste separation, application, and waste disposal of used devices you achieve an important share to environmental protection.

WEEE No: 82898622

7.2

Packaging

Packaging can be disposed of free of charge at the suitable collection points – paper belongs in paper bins, plastics belong in yellow sacks and glass belongs in used glass bins.
