

## MR513

BD-R 25GB 6x speed, silver, unprinted/blank, wide sputtered, Cake 25

MediaRange BD-R storage media without logo for professional use. Thanks to modern Blu-ray technology, you can now fit up to 5 times the volume of a standard DVD on just one disc quickly and efficiently. The excellent recording stability allows your data to be saved in just a few minutes with write speeds of up to 6x. All of our BD-R media are produced with the "high to low" method for superior quality and reliability. The superb compatibility with burners and players ensures that you can access your personal photos, documents, music, videos and backups anywhere and at any time. Our entire range of storage media is known for its long archival life and excellent UV light resistance. The scratch resistant surface provides your data with additional protection from everyday wear and tear and is also perfect for thermal transfer printing methods.
