# ALIENWARE TENKEYLESS GAMING KEYBOARD – AW420K

#### COMPACT, PORTABLE DESIGN

Streamline your gaming setup and transport your keyboard with ease thanks to the slim, space-saving tenkeyless (TKL) design. Integrated cable routing on the underside of the keyboard directs the connection cable to coordinate with your preferred gaming setup. The detachable USB paracord cable can also be removed when not in use and easily stored in your backpack for gaming on the go.

#### LEGENDARY FORM, RELIABLE FUNCTION

Customize your immersive gaming experience with AlienFX per-key RGB lighting with up to 16.8 million colors – configurable using Alienware Command Center.

Switches mounted directly on the smooth metal top plate allow for easy cleaning and maintenance.

#### HIGH-PERFORMANCE GAMING

Experience long-lasting, consistent high-performance with industry-leading Cherry MX Red switches that feature a 100 million actuation lifecycle.

Ensure every key press counts and your keyboard remains responsive during intense gaming sessions with full antighosting and N-key rollover.

Double-shot PBT (Polybutylene Terephthalate) keycaps feature two layers of plastic molded together for reliable durability with key legends molded into the caps for dependable rigidity and wear resistance

Customize key commands and macros to support your unique play style using fully-programmable keys, onboard memory, and selectable profiles.

Prevent the disruptive effects of accidental Windows key presses during fast-paced gameplay with the Windows key disable toggle.
