

Thermaltake Pacific G1/4 90 Degree Adapter

Liquid cooling system connecting adapter - chrome

Group	Cooling Accessories
Manufacturer	Thermaltake
Manufacturer item no.	CL-W052-CU00SL-A
EAN/UPC	4717964399229

Description

Thermaltake introduces the Pacific series adapter fittings for the ultimate in custom PC water cooling configurations. Finished in black-plated copper, the adapter fitting is in 360-degree revolvable design, and consists of two sealed O-rings with side printed Tt logo, allowing users to redirect the fittings at a 90 degree angle for easier tube routing.

Made in Taiwan, the fittings allow proper connection to G1/4" ports, securing properly to any cooling components. Compared to D5 pump, the maximum working pressure of O-rings is much higher, delivering great pressure resistance and performance. The 360-degree revolvable design delivers easier tube routing, working around obstacles in the system.

Main features

Product Description	Thermaltake Pacific G1/4 90 Degree Adapter liquid cooling system connecting adapter
Product Type	Liquid cooling system connecting adapter
Package Content	2 O-Rings
Colour	Chrome
Product Material	Copper
Dimensions (WxDxH)	2.83 cm x 2.2 cm x 4.2 cm
Weight	100 g
Features	90° angled, revolvable, G1/4" thread

Extended details

General

Product Type	Liquid cooling system connecting adapter
Product Material	Copper
Package Content	2 O-Rings
Width	2.83 cm
Depth	2.2 cm

Height	4.2 cm
Weight	100 g
Colour	Chrome
Finish	Chromium plated
Miscellaneous	
Features	90° angled, revolvable, G1/4" thread
Manufacturer Warranty	
Service & Support	Limited warranty - 2 years
