

Braclabs[®] Stand Mobile

mobile stand system

Item no.: 1983

The Braclabs Stand Mobile is a mobile stand system for screens from 40 up to 55" | 102 - 140 cm, it is particularly characterized by its extremely simple and quick assembly.

The VESA universal mount includes the VESA standards from min. 200 x 200 mm up to 600 x 400 / 400 x 600 mm max. and can be used in landscape or portrait format.

The system is height adjustable. The pin screw on the back enables the desired height to be secured.

Cables are routed inside the column and remain almost completely invisible. A cable pulling aid is included.

A set of high-quality castors with lock-type brake ensures the necessary mobility and security.

Optionally a Braclabs front shelf (Item no.: 1984) can be installed on the stand system.

usefull cable pulling aid included

Castors with locking brake

Optional:
Braclabs-Stand Frontshelf (Item no.: 1984)
