Simple, intelligent workflows

Convenient document scanning, wherever you are

Make everyday document scanning simple with our stylish, compact document scanners, expertly designed for use in any location.

Whether at home, in the office, or at a shared workspace, our fully portable scanners are easy to set up, so you can quickly organise, scan and share documents, wherever you are.

In addition, this range comes with the latest editing and workflow software, so you can easily create, adapt and manage your documents to keep on top of your workload.

Across the range…

Save space wherever you work

Our compact document scanners are ideal when space is limited.
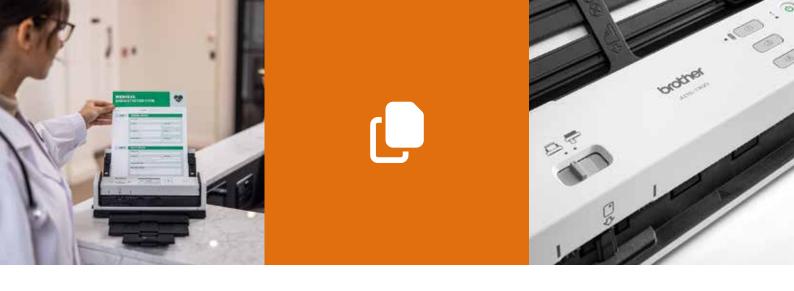

Measuring slightly wider than a sheet of A4 paper, they can free up room on your desk and reduce clutter where space is often at a premium - making them the perfect choice for any working environment. From home offices, to receptions and medical departments, no matter where you work, you can rely on our new range of compact, portable scanners.

Versatile media handling

The time-saving 20 sheet Automatic Document Feeder (ADF) manages various sizes and thickness of paper (up to 128gsm) with ease. Whilst the dedicated card slot comfortably handles plastic ID cards up to 1.02mm.

High performance, every time

No matter where you scan from, you will get the same high performance, every time. With scan speeds of up to 60 sides per minute (2-sided), documents are saved quickly and effortlessly to file, email server, USB host, network or you can scan them directly to your PC.

Industry-leading software

Easily convert, edit and share documents with Power PDF. Available as standard on both the ADS-1300 and ADS-1350W, it gives you the flexibility to edit documents in seconds.

Both models come with Kofax PaperPort, a document management solution with OCR that allows you to create simple workflows, so you can easily share, search and organise documents.

The ADS-1350W is also compatible with Brother product upgrade Barcode Utility, enabling you to manage documents with barcodes and automatically file them to a designated location.
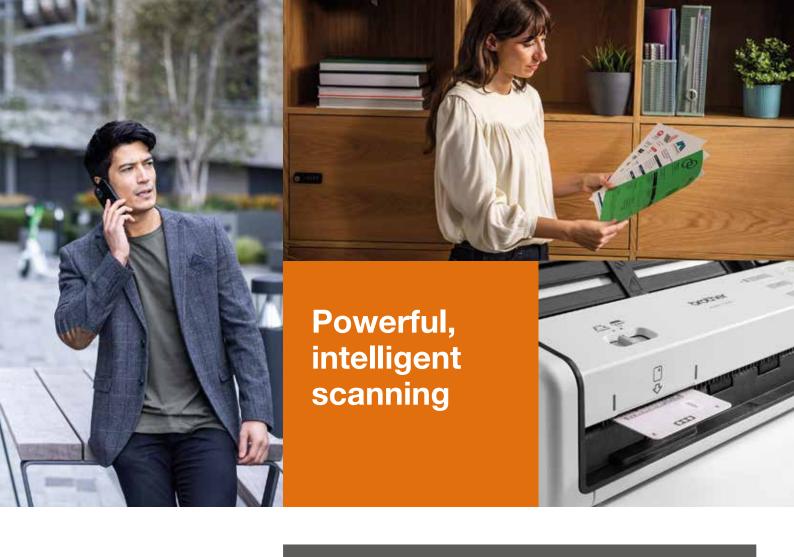

Powerful scanning from any location

Scanning on the move with the ADS-1300

Scan and save your paper documents whilst you are out of the office. Once plugged into your laptop, you can use the ADS-1300 to scan documents when it is most convenient for you.

Freedom to scan from anywhere without a PC with the ADS-1350W

Scanning from any location just got easier.

Compatible with most external batteries or powerbanks, there is no need for the ADS-1350W to be connected to a laptop or PC to powerfully scan your documents from any location. With wireless network connectivity, you can truly scan from anywhere.

Solutions

Automatically route documents with Barcode Utility*

Reduce the labour-intensive task of scanning several documents, saving and renaming them. Barcode Utility means that documents with a barcode can be scanned and automatically saved to the required location, automating the separation of a batch of documents and routing each individual file to the designated folder on your network.

*Requires Additional Activation

Specification and Features

ADS-1300	ADS-1350W	
User Interface
