

Thermaltake Pacific 1/2" ID x 5/8" OD Compression

Liquid cooling system fitting - chrome

Group	Cooling Accessories
Manufacturer	Thermaltake
Manufacturer item no.	CL-W031-CA00SL-A
EAN/UPC	4717964399014

Description

The Thermaltake Pacific compression series provides a complete solution for enthusiast and custom PC builders to meet the needs of setting up a complete water cooling system. With G1/4" durable copper fittings, finished in x black coatings, take every detail seriously.

The fittings allow proper connection to G1/4" ports, securing properly to cooling components while providing an even seal around the tubing. The fittings are available in chrome and black finishes, include one preinstalled O-ring. Use flexible tubing for all your water cooling needs.
